MEMORANDUM FOR RECORD

FROM: 23d Wing Commander

SUBJECT: Declaration of a Public Health Emergency

1. Based upon the continued threat posed by the COVID-19 pandemic and the Public Health Emergency Officer's (PHEO) recommendation, I have decided to renew the previously declared Public Health Emergency at Moody Air Force Base. Based on the PHEO's recommendations, I am declaring a public health emergency IAW AFI 10-2519, *Public Health Emergencies and Incidents of Public Health Concern* and the *Extension of Department of Defense Public Health Emergency*. This public health emergency declaration will terminate automatically 90 days from the date of this memorandum unless it is renewed and re-reported, or terminated sooner by myself or a senior commander in the chain of command.
2. The installation PHEO and medical personnel are hereby directed to identify, confirm, and control this public health emergency utilizing all the necessary means outlined in AFI 10-2519. "Necessary means" shall include directing military personnel to submit to medical examinations and/or testing as necessary to diagnose or treat the condition causing the public health emergency.
3. To implement my direction, the PHEO may issue guidance that affects installation personnel and property, and other individuals working, residing, or visiting this installation (e.g., closing base facilities, restricting movement, or implementing quarantine for select individuals).
4. The installation command and the PHEO will coordinate activities and share information with state, local, tribal, and territorial officials responsible for public health and public safety to ensure our response is appropriate for the public health emergency. Shared information may include personally identifiable health information only to the extent necessary to protect the public health and safety.
5. Any person who refuses to obey or otherwise violates an order during this declared public health emergency will be detained. Those not subject to military law will be detained until civil authorities can respond. Violators of procedures, protocols, provisions, and/or orders issued in conjunction with this public health emergency may be charged with a crime under the UCMJ and/or under United States Code, Section 271. Pursuant to 42 U.S.C. 271, violators are subject to a fine up to \$1,000, imprisonment for not more than one year, or both.
