

MOODY AFB COVID-19 VACCINATION SITE

Step 1: Confirm you are eligible

Thank you for choosing to be vaccinated for COVID-19.

The 23d Medical Group is following DoD distribution and prioritization guidance. Currently, all individuals in the phase 1A, 1B, and 1C group are eligible to report to the vaccine drive thru at this time. *Additional units are being invited through direct Squadron Commander and UDM notification per mission requirements and vaccine availability.*

*****Currently, Moody AFB is distributing the Moderna COVID-19 Vaccine and it is only for persons 18+.

TRICARE
COVID-19 VACCINATION
GET THE FACTS
As of 13 JAN 2021

Is It Your Time to Get the COVID-19 Vaccine?

Health Care, Emergency, and Safety Personnel, and Other Essential and Critical Groups

PHASE 1A

- Sub-tier 1: Emergency room, urgent care centers, and first responders (i.e., police, search and rescue, and fire personnel), and Armed Forces Retirement Home residents
- Sub-tier 2: Health care and support personnel at military hospitals and clinics, along with other non-clinical staff authorized to receive vaccine from DoD, who support patient care with a high risk of exposure or potential to interface with COVID-19 positive cases
- Sub-tier 3: Outpatient health care and support personnel, including National Guard and Reserve personnel as well as active duty service members deploying or supporting COVID-19 response operations in Title 10 or Title 32 duty status

PHASE 1B

- National critical capabilities (strategic and nuclear deterrence forces, homeland defense)
- Personnel preparing to deploy to locations outside of the continental U.S. (OCONUS)
- Personnel preparing to deploy within the next three months, including military civilian and contractors authorized to receive immunization from the DoD
- New!** Beneficiaries age 75 or older
- New! Front Line Essential Workers:** Education and youth and child services staff sector, eligible defense manufacturing, DoD corrections staff, DoD postal service staff, DoD public transit workers, Commissary and other installation food service or agricultural workers

PHASE 1C

- New!** Eligible beneficiaries age 65-74 years
- New!** Eligible beneficiaries age 18-84 with increased risk for severe illness as defined by the CDC
- OSD, Agencies, field activities, Army, Navy, Air Force, Marines, Space Force, U.S. Coast Guard, and Reserve Component designated as key, essential, or mission-essential
- DoD Prisoners

Remaining Population

- Healthy uniform personnel, other TRICARE beneficiaries, and those not otherwise mentioned above

Step 2: Register for your appointment online

Appointment availability is subject to change based on Moody AFB's available vaccine supply which is determined by the DoD.

To receive a vaccine at the Moody AFB Vaccination Site, you must register online for an appointment.

Please download, print, complete and bring this form (DHA Form 207) with you to your appointment.

DHA Form 207

If you have multiple phase-eligible people in a vehicle, please register each person individually.

Available times disappear once the slots are filled.

Afternoon

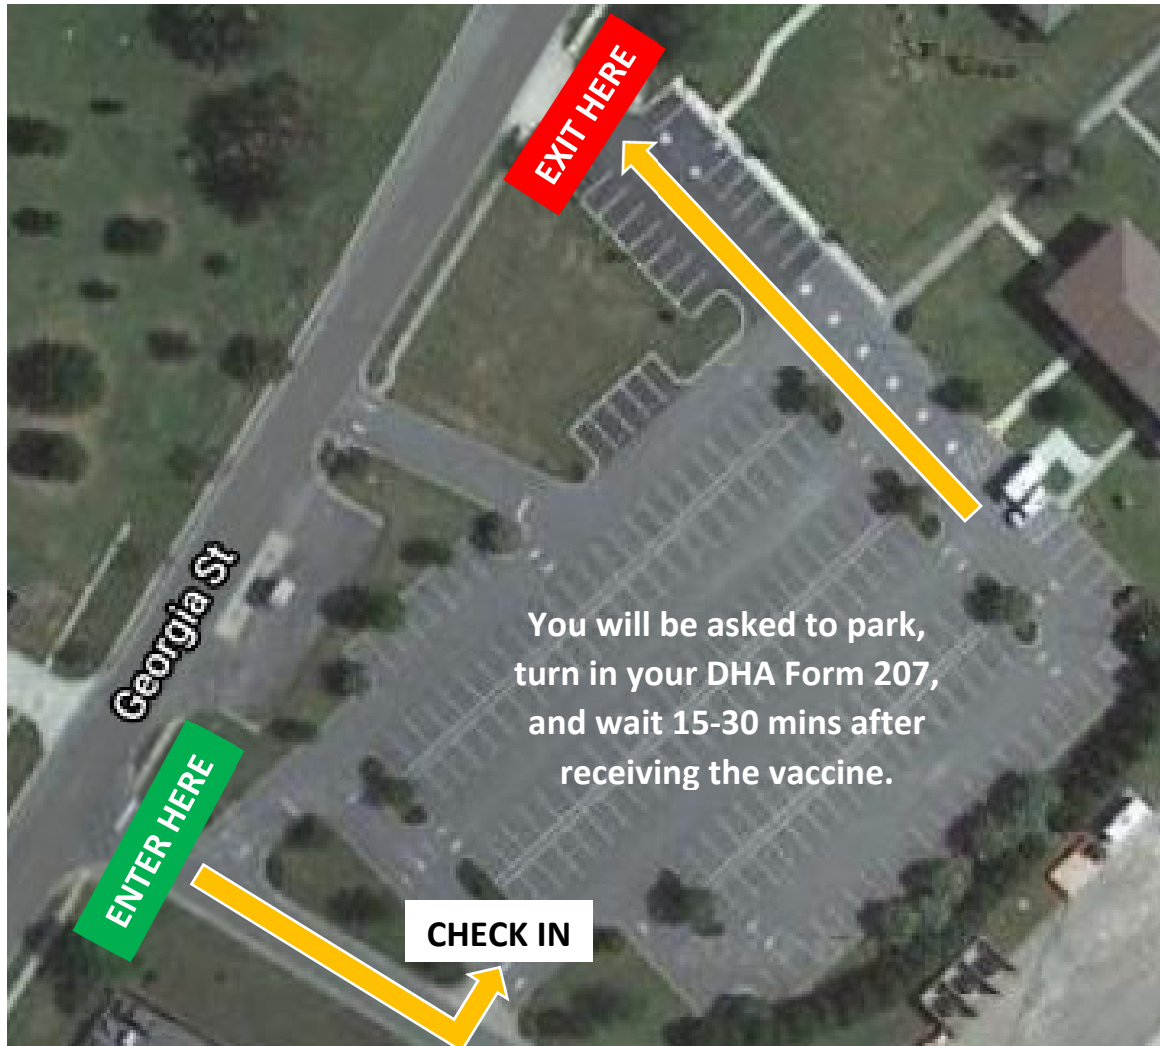

1:00 pm	1:10 pm	1:20 pm	1:30 pm
1:40 pm	1:50 pm	2:00 pm	2:10 pm
2:20 pm	2:30 pm	2:40 pm	2:50 pm
3:00 pm	3:10 pm	3:20 pm	3:30 pm
3:40 pm	3:50 pm		

Step 3: Report to Moody AFB Vaccination Site

The vaccination site is located in the 23d Medical Group parking lot, same place as the COVID-19 Testing Site. Enter through the marked entrance and you will be greeted by MDG staff and directed where to park your car.

Be sure you are phase-eligible and bring your completed DHA Form 207 with you to your appointment.

Please wear a shirt that gives access to your upper arm or expose your arm for our staff – and don't forget to wear your mask.

Step 4: Get your second dose

You must receive a second dose within 21 to 28 days after the first dose for the vaccine to be effective. Without the follow-up booster, the first dose is not effective and is essentially a wasted vaccine.

You do not need to schedule your second dose appointment, you will be contacted directly after you receive your first.

Thank you, again, for choosing to vaccinate and help slow the spread of COVID-19 to our community!

The vaccines may cause side effects in some people, like sore muscles, feeling tired, or mild fever. For most people, these side effects will last no more than a day or two. Having these side effects doesn't mean you have COVID-19. If you

have questions about how you're feeling after your shot, contact your provider, call the [MHS Nurse Advice Line](#), or dial 1-800-TRICARE (874-2273), option 1. It's rare, but if you have a severe allergic reaction, call 911 or go to your nearest emergency room. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the vaccine.
